TEA

We also offer our discerning tea-drinkers a carefully selected choice of loose-leaf teas. Take a glance at our tea-menu below to pursue the full selection.

Our loose teas are supplied by Jenier Teas, a Scottish based company. Jenier source all their teas through members of The Ethical Tea Partnership, so you can be assured that those working on the tea estates are treated fairly, and have access to housing, healthcare and childcare.

Loose-leaf - Served in a one-person Tea pot

£2.95

Regular Tea - A bag in a mug like it's always been!

£2.20

English Breakfast - A wonderful combination of quality tea leaves from the growing regions of Sri Lanka, Kenya and India. Blended to perfection, this tea gives a delicious, wholesome full bodied flavour.

Earl Grey - Our Earl Grey uses only natural flavours and oils so there's no after taste or overpowering perfume. When combined with the natural taste of the high quality Ceylon tea we use, the resultant taste is amazing.

Borengaijuli Assam - From the Mangaldai region of Assam, borengaiuli is fabulous 2nd Flush Assam from this top class estate. These infused Assam leaves provide a wonderful deep malted 'jammy like' flavour.

Margaret's Hope Darjeeling - A distinctive 'muscatel' flavour, with hints of blackcurrants, create a wine-like taste. Often compared to the taste and fragrance of Muscat grape, Margaret's Hope makes a superb afternoon tea.

Lemon and Ginger Ceylon - The pairing of lemon and ginger flavours is no surprise, but here we carefully balance the lemon tanginess and warm ginger flavours so you still taste the high quality Ceylon tea.

Clanwilliam Roolbos - Completely caffeine free leaves from the Aspalathus Linearis plant are harvested and fermented to produce a characteristic Roolbos flavour and sweet aroma. Delicious with or without milk and sugar.

Peppermint - Outstanding peppermint leaves from the best cut of the season produce a totally caffeine free refreshing drink that's cool, pungent and bursting with minty flavour.

Japan Sencha - The green tea leaves used for this quality Sencha are carefully plucked, steamed, the rubbed and dried to produce the distinctive smooth and glossy look to the finished Sencha leaves.

Delicious Berry Fruit - This incredible fruit and herb tea tastes fantastic and is so refreshing. The combination of hibiscus, rosehip, blackcurrants, elderberries and raisins yield extraordinary flavours that burst through every sip.

We will only give you a straw if you ask for it

The single-use straw will be on the planet forever. It takes 200 years to break down...into toxic particles. The UK and US throw away nearly 550 million plastic straws per day. Very few are recycled, and many of them end up in our oceans. Help today. Refuse the straw.

OUR HOT DRINKS

Our regular coffee is made with a bean which is a medium to dark roast that delivers a balanced flavour. The sweetness of the coffee comes from Peru, the slight herbal notes from Honduras, and the after taste from Sumatra. Not only well travelled, our coffee is proudly Fair-Trade, Organic and Rainforest Alliance certified.

NEW - HAND ROASTED ARTISAN COFFEE

We are delighted to be able to offer you a guest hand roasted coffee. These one-off micro lots are roasted in batches of just 25kg at a time, preserving the integrity and freshness of the bean. Each hand-roasted micro-lot is unique and distinctive. Ask us for further details - we can't write you up a full description as once the batch is gone, a new blend will take its place.
